Professional Summary:

Front-end focused software developer with a Bachelor of Computing Systems (2025). Recently completed a capstone project developing the SchoolHIVE Marketplace NZ platform as part of a collaborative team. Experienced in building responsive user interfaces using React.js, CSS, and MUI. Strong problem-solving skills with experience working in structured team environments and meeting project deadlines. What excites me about front-end development is building user interfaces from concept to completion and seeing ideas transformed into functional, responsive applications.

Skills

Frontend:

- React.js
- JavaScript
- CSS
- MUI (Material User Interface)

Backend:

- Django
